

# 2024 IEEE INTERNATIONAL RELIABILITY PHYSICS SYMPOSIUM

April 14 – 18, 2024, Dallas, Texas

## Corporate Patron Form

For more than 60 years, the International Reliability Physics Symposium (IRPS, <http://irps.org>) has been the premier conference for engineers and scientists to present new and original work in microelectronics reliability. Drawing participants from the United States, Europe, Asia, and beyond, IRPS seeks to understand the interplay between the reliability of semiconductor components, integrated circuits, and microelectronic assemblies through an improved understanding of the physics of failure as well as the application environment.

### IRPS Highlights

- 5 day event
- 500+ professionals from the semiconductor reliability field worldwide (North America, Asia, Europe), including industry, academia, and government laboratories
- 100+ platform presentations and invited talks
- 80+ posters at the evening reception
- 30+ tutorials and year-in-reviews
- 20+ vendor exhibits for three days
- 10+ workshops and panel discussions

### Why support IRPS 2024 as a corporate patron?

- Demonstrate to your customers that your company is serious about the reliability of your products.
- Showcase your company, its awareness of reliability, and possible job opportunities to the leading reliability engineers and researchers worldwide.
- Stimulate and accelerate the R&D of reliability of semiconductors and their systems and activate the related markets.

**Patronage opportunities** are listed on the next page.

### Ready to support?
